

During the school year, students and their parents/legal guardians may at times request permission to leave school for a period of time. These requests are required at least 10 school days in advance of any potential absence. Please note:

- 1) Students/families who face significant extenuating circumstances due to acute personal, medical or family crisis should inquire with their division leader about being provided with a school supported leave.
- 2) Absences at any time during the school year jeopardize a student's opportunity for success. These absences can also impact the social and academic environment in the school.
- 3) The school year is designed to provide timely breaks from instruction and family activities should be planned with these breaks in mind.
- 4) Teachers are not obligated to provide course work, assignments and assessments, and customized learning programs for students who are away from school.
- 5) Students are expected to check with their teachers so that they will know what course content is to be covered and what important assignments, tests and assessments will be missed.
- 6) By signing off on this form regarding leave, the school is acknowledging the student's absence from school and the reasons for the absence. The school is not condoning or giving permission to be absent.
- 7) All final exams are to be written on the date that they are scheduled. Students who miss scheduled tests or presentations must make arrangements to complete these assessments during regularly scheduled make-up times.

Student Name: _____

Homeroom Teacher: _____ Grade: _____

This is a request to remove my child from school for the following date(s):

From: _____ To: _____

Reason for requested leave of absence:

Parent /Guardian Name:

Administrator Name:
