We are thrilled to welcome new Preschoolers and familiar faces for the 2021/2022 school year.

The first week of school is an exciting time but it can also be challenging for children new to preschool. We encourage parents to say a quick goodbye to their child while we engage them in their new learning environment. If you feel you may be faced with separation challenges during the first week we recommend you practice the "one kiss, two hugs and go" rule.
